Context

Coventry City of Culture Trust was set up in 2015 to bid to be UK City of Culture in 2021. In 2017 the Trust and the city were successful in securing the prestigious title and are now getting ready to deliver an amazing build-up programme, an ambitious UK City of Culture year in 2021 and to ensure a legacy, for the city region and its communities.

In July 2020, we announced that Coventry's City of Culture programme will start in May 2021 and run for 12 months, allowing us to keep our promise to the city and region - to deliver an extraordinary year while providing some much-needed certainty and resources to our artists and communities.

We are a diverse, modern city which is re-imagining the role culture can play in bringing people together. Coventry is a city of welcome, a city of activists and pioneers, a city of peace and reconciliation, a city of innovation and invention, a City of Culture.

Stages and Temporary Structures opportunities

We would like to hear from companies who have experience of working on large, high profile events, but we also welcome bids from any companies whose operations are suitable for smaller activity. The ability to adapt and scale delivery is essential.

We may also choose to appoint a number of companies who have complimentary specialisms and as such we are open to businesses applying who may only deliver Stages or other types of temporary structures and not necessarily both.

We will ideally look to appoint local companies where expertise meets our requirements and we are also keen to hear how smaller organisations in the area can work together to meet those requirements. Therefore, we welcome joint submissions from small and medium sized businesses in the region.

However, due to the complex and ambitious nature of our work, we will also look to include national companies with a demonstrable high level of expertise and experience, particularly those that employ staff local to the area.
